JBA Junior is entering the third year of offering a one-week day program filled with engaging academic opportunities for student from the Northeast Missouri region. *JBA Junior* is not an academically selective program, it is open to all learners who are currently in 4th, 5th, and 6th grades. Among the engaging activities we have planned are:

- Scavenger hunt activities to get to know Truman's campus
- Planetarium and Herpetology Lab tours
- Music, art and science activities in University classrooms and labs
- Lessons and activities at the University Farm
- Lunch and recreation provided every day
- And more!

Students should arrive no later than 9 a.m.
and will depart campus promptly at 4 p.m.

STANDARD DAILY SCHEDULE:

- All Classes and activities led by Truman Faculty and Staff
- Academy Preceptors welcome students each morning and supervise throughout each day

PROGRAM GOALS

We want students at *JBA Junior* to learn, explore, and have fun! We also want them to believe that college is a real and attainable future goal.

JBA Junior gives area youth enhanced access to Truman State University. The program aims to give area students a chance to broaden their horizons by spending time learning and exploring at Truman, guided by our faculty and staff.

Our goal is to spark students' interests through engaging and diverse classes and activities. Our hope is that students attending *JBA Junior* will walk away encouraged and excited to learn and grow beyond the school day.

PROGRAM COST:

Tuition.....\$100 per student

NOTE: Students who qualify for federal free/reduced lunch have the option to pay a reduced tuition of \$20.
